WASHINGTON, D. C., Nov. 14.—An order signed by Secretary of Agriculture Houston, Ill., on December 1st from sixty-five thousand square miles in Southern States the federal quarantine against movement of Southern cattle...

ALFRED GRAMES

Strikes me that some editors ought to have seen more freedom than they've already got.

It's tough on some citizens when they find out that a man can't update the law all he wants to in this democracy.

Perhaps one reason why you expect when voters can sleep better at night is because getting a dollar a bushel for wheat is no longer a problem.

Every man and woman in Price is wondering what is going to happen next.

No, just men, although both sometimes sound the same.

The country is safe so long as women sell the old kimono aprons by staying in the kitchen.

There are some things that are hooded in price so often that a fellow voluntarily gets used to it.

silent value of 14.2 bushels of corn for a hundred pounds of average hogs must be established to get a stimulative market and that the ratio of 14.2 bushels of corn to a hundred pounds of hogs must be decided upon to raise production to 15 per cent above normal.

An emergency measure published November 2d by Joseph P. Cotton, head of the meat division of the food administration, fixed \$15.50 per hundred for hogs and a ratio of thirteen bushels of corn to a hundred pounds of hog.

Even Prices Coming.

WASHINGTON, D. C., Nov. 14.—Solution of a live stock marketing problem which has baffled the Kansas City market for fifteen years was announced today by the food administration as the result of a conference of all the interests involved at Kansas City.

The announcement says live stock receipts at the Kansas City market, second largest in the country, will be stabilized by a plan of some loading days in certain prescribed trilateral states which becomes effective November 12th.

The new plan, it is said, is relieving congestion in the yards facilitating train movement and car distribution and it is predicted will result in the maintenance of even prices.

The system will be extended to Chicago and other markets as rapidly as possible.

Dr. F. A. Thome, dentist, has rented office rooms in the Villa-Bonino building. He will be located there by December 1, 1917, in the practice of dentistry.—Adv.

Coors' Cligan near beer. Nothing so good for a refreshing drink. Peacock Liqueur.—Adv.

QUALITY, SERVICE AND ECONOMY

Poor grade of fuel is false economy. The money you seem to save on cheap grade oils and gasoline is later spent on motor repairs and shortened life of your motor.

Considering the high quality of our gasoline and oils, our prices are the lowest that you can find. Scores of automobile owners have found that they can get more mileage and better motor performance by always using the same grade oils and gasoline—and that grade ours.

OWNERS OF AUTOS

Don't neglect the batteries in your car. This is the season of the year when they should have attention in order that no serious trouble will result during the winter months when freezing weather prevails.

You will find everything electrical at this store. We do business for cash and give 5 per cent discount.

W. C. BROEKER Paternoster Bldg., Main and Depot Streets, Price, Utah.

UTAH COAL MINES ASK MORE FOR PRODUCT

corresponding weeks of 1916. Unless a marked speeding up of production occurs, the output during the remaining weeks of 1917 is likely to diminish rather than increase the total established by the 1917 output over that of 1916.

W. W. Armstrong, fuel and food administrator for Utah, returned Wednesday from Washington, D. C., where he has been in conference with federal fuel and food administration heads.

OGDEN NEEDS TWENTY CARS DAILY TO SUPPLY DEMAND

OGDEN, Nov. 12.—Frank Fouts, general agent of the Denver and Rio Grande with office here, declares that Ogden and Weber counties will require twenty cars daily to supply the demand for the next thirty days to adequately supply the demand.

There are some things that are hooded in price so often that a fellow voluntarily gets used to it.

supply is limited.

Armed Men Guarding.

STRENGTHVILLE, N. Nov. 11.—Armed guards were today thrown around the coal mines in the southern part of Jefferson county as the result of an Industrial Workers of the World outbreak earlier in the week.

AUSTRIAN MINERS TO FIND POWDER SCARCE

WASHINGTON, D. C., Nov. 14.—Austrians employed in coal mines, principally in Ohio districts, can hereafter come into possession of explosives used in mining only under great restrictions.

FINAL ORDER OF ELIGIBILITY IN THE CALLING OF NINE MILLION OF MEN

WASHINGTON, D. C., Nov. 14.—The five classes into which nine million men registered for military duty—and those who are registered hereafter—are divided and the order in which they will be called for service were officially announced today in the present martial general's questionnaire which every registrant must fill out and file.

the wife is skilled in some special class of work which she is physically able to perform and in which she is employed, or in which there is an immediate opening for her under conditions that will enable her to support herself decently and without suffering or hardship.
